To: All Lineman

The intent of this correspondence is to provide you all with an update regarding the health of one of our own, a Brother in Arms and fellow Lineman.

In recent weeks, Warrant Officer, Ronald During (Ron) has been diagnosed with “Cancer”.

At this point the extent of the cancer is one that is still being fully fleshed out. Initially it was identified in his colon and he was to have surgery to remove the affected portion. Subsequent testing resulted in the cancellation of the surgery due to additional affected areas being discovered and is being referred to as “Abdominal Cancer” by his oncologist.

Ron is now on permanent sick leave and he and his oncology team are determining the best course of action for treatment and Chemo regimen.

Ron has asked that this information be provide to all his fellow Lineman, also Ron has respectfully requested that we all refrain from texting or messaging him directly at this time as he is keeping things close to home with his partner Debbie and will provide updates to select persons to populate to the Line community. Ron is in good spirits and is ready to take on this battle and kick cancer’s ass!!

Further updates on Ron’s condition will be provided as we receive them.
